Science Fictions by Stuart Ritchie

3 Conversations (ZOOM)

Sept 13, 5-5:50 (Part 1)

OCT 4, 5-5:50 (Part 2)

NOV 1, 5-5:50 (Part 3)

Scheduled on the first working Monday of each month provides readers with time to read and enjoy.

An insider's view of science reveals why many scientific results cannot be relied upon – and how the system can be reformed.

Science is how we understand the world. Yet failures in peer review and mistakes in statistics have rendered a shocking number of scientific studies useless – or, worse, badly misleading....*Science Fictions* is far from a counsel of despair. Rather, it's a defense of the scientific method against the pressures and perverse incentives that lead scientists to bend the rules. *Macmillan Press*
