

SUMMER 2022

MENTOR/MENTEE COLLABORATIVE WRITING WORKSHOP

Food & Beverage provided

Session 1: MAY 31 12-1:30 graduate students
(BSB 105) 2-3:30 faculty mentors

Session 2: AUG 9 12-2pm both grad students & faculty mentors
(BSB 105)

Held in person at
BSB 105

Email to attend:
CSUWrites@colostate.edu
carol.wilusz@colostate.edu

Capped at 10 faculty
20 grad students

Faculty mentors gain insights into how to guide writing skill development and provide constructive feedback.

Graduate students explore how to receive feedback and use it to improve their writing.

Facilitators share strategies to help define writing project expectations, to help move projects forward smoothly, and to support the growth of the graduate student writer over time.

Each faculty advisor can attend with up to two graduate students (from any program).

Faculty and graduate students commit to completing: 1) the MAY and APRIL workshops, 2) a writing/feedback assignment--aligned with their existing research, 3) a short feedback consultation, and 4) intake and exit surveys.

Co-organized by Drs. Carol Wilusz and Kristina Quynn. Funded by CIMER, NIH, CMB, and CSU Writes.
